

# The Story of Icarus

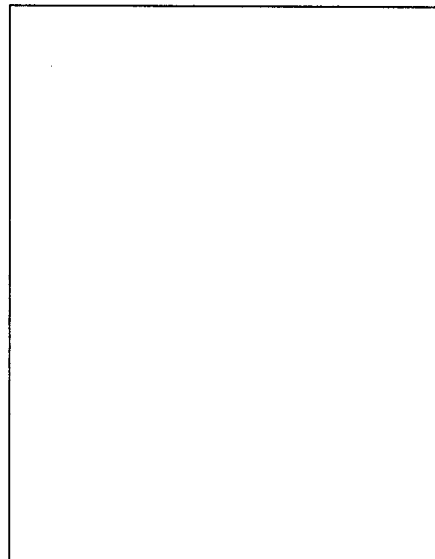

Draw a comic strip for this myth.

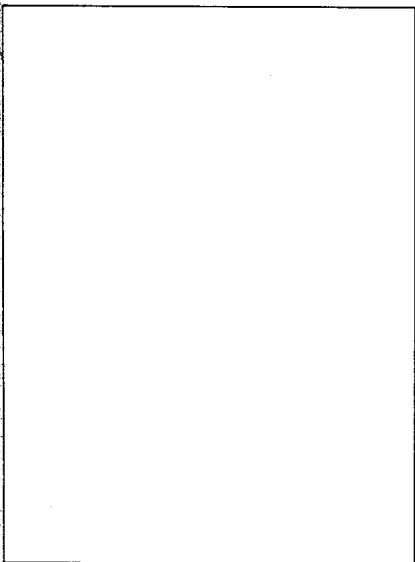

Long ago, there was an inventor called Daedalus. He lived on the island of Crete with his son Icarus.

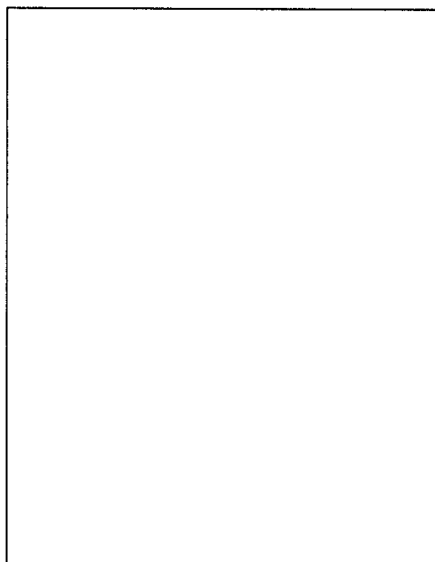

One time, Daedalus made the king of Crete very angry. Daedalus and Icarus had to leave Crete.

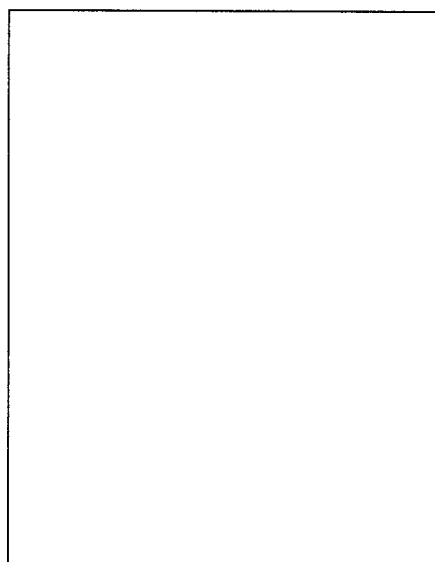

Daedalus made two pairs of wings from feathers and wax. He and Icarus flew away.

Daedalus warned Icarus not to fly too close to the sun. Icarus did not listen and flew up high.

His wings melted and Icarus fell to the sea, never to be seen again.

The end.
